27 June 1980

MEMORANDUM FOR: NIO for Latin America
Chief, Latin America Division, Office of
Political Analysis

FROM: Director of Central Intelligence

SUBJECT: Economic and Political Stability in Brazil

I was asked a question in a public appearance the other day about what I foresaw as the political and economic stability of Brazil in the decade ahead. I had to punt on that one. I really wasn't very confident in my answer. Would you give me some advice.
